

Jazz Night at Amari Rincome Hotel

Saturday, 24th of May was the start of the now weekly Amari Jazz Night

An all night long, very entertaining performance of 'Dang Fantastic' and his more than talented friends on bass, drums and guitar. The musical variety ranged from Louis Armstrong's imitations to all-time favorites such as 'Somewhere over the Rainbow', and back to Oldies of Billy Joel and anything you like to remember from the 60's. A special theme buffet, created by Amari Chef Adrian O'Herlihy spoiled the guests who really had the

drudgery in choosing from the many different specialties, including a Pasta Buffet where anything with noodles was cooked to your liking.

Dang and his Jazz group could not stop at 22.00 as planned, since the many music lovers present just refused to let them leave. It was a beautiful night to remember and will be repeated every Saturday until further notice at the 'La Gritta Restaurant' at the Amari Rincome Hotel.

Dang Fantastic and his Jazz Group did a great job to entertain the many music lovers who joined the Saturday Night Jazz Dinner at the Amari.
