To whom it may concern

Adrian O'Herlihy has been employed as Executive Chef from May 1997 to June 1998 at the Bridge Hotel Waterford. Since his arrival here Adrian has been solely responsible for the vast improvement of the quality and presentation of food in both our restaurants and banqueting suites. Adrian introduced new menus for our restaurant and established our hotel as one of the leading restaurants in Waterford. Our banqueting business improved by approx. 100% as a result of Adrian's input and he personally supervised every function. He was always co-operative with management, a good kitchen organiser and was always willing to share his vast experience and knowledge with his colleagues. Adrian leaves us to take up a prestigious appointment with Great Southern Hotels. I wish him every success in his future career.

Jim O'Shea
General Manager
