## APPRECIATION

I would just like to express my heartfelt gratefulness for your contribution during the past several months you have been working with us for **Saudia Airlines Catering - Dammam**. You have shown your unconditional dedication by being always present in the kitchen during the most critical and important times. It is worth mentioning that I really appreciated your diligence during the recent functions and outside parties that we had, wherein you stayed behind even beyond your normal working hours just to ensure that we give our guests excellent dining. Though your assistance was much needed in your own section, you sacrificed it by volunteering to prepare and cook the meals for these guests yourselves. This simply shows your great concern in upholding the good reputation of this institution.

Thank you very much for the support and I am proud for your achievements. Continue the good work and may you never lost the enthusiasm in extending such devotion to your job and this company.

Sincerely,

**GRAHAM PERRY**
